Matching Gift Program

*Do You Work for a Matchmaker?* Corporate matching gifts are a great way for parents to maximize personal contributions to St. Peter School and increase the impact of their gift.

*Employee matching gifts* (also known as *matching funds*) are grants an employer makes to match its employees' charitable contributions. Many companies support their employees' personal philanthropy and fundraising efforts. This includes contributions to private schools. Many employers sponsor matching gift programs and will match any charitable contributions made by their employees or even give matching gifts for employees' volunteer efforts. Employee matching gifts often are dollar-for-dollar but by taking advantage of a companies matching gift benefit, you may be able to double or even triple the amount of a contribution. Several companies also match gifts of retirees and spouses. Your employer might be one of them!

*Will your employer match this gift?* To find out if your company has a matching gift program, please fill out the information below, return it to school, and we will find out if your employer participates in matching grants. Each company has its own guidelines for employees and we will provide this information for you.
